# The 2011 Baileys Irish Champion Dairy Cow Competition

## 'THE BAILEYS'

The prestigious Baileys Irish Champion Dairy Cow Competition is jointly sponsored by Baileys Fresh Cream; and Glanbia Ingredients, Virginia, suppliers of the rich cream base to Baileys.

The Bailey's, with an overall prize fund of €9,000, is the richest competition of its type in the country. Now in its twenty eighth year, the competition organisers are once again searching to find Ireland's prize dairy cow.

Of all major competitions, 'The Baileys' alone combines good conformation with proven excellence in milk production capabilities.

The competition is held in very high regard by the breeders. They know that winning or even doing well in 'The Baileys' is the ultimate in prestige. They also know that the competition is intense and the full title will only be won by a great cow.

In the grand Final at Virginia Show on Saturday, July 30th, both champion dairy cow and owner will be well rewarded with a first prize of €2,000, the Virginia Milk Products Trophy and the grand title of 2011 Baileys Irish Champion Dairy Cow.

**Closing Date for Applications is Wednesday, July 21st 2011.**

**Virginia Show — Saturday, July 30th**

Virginia Show is a great day out for the whole farming family. Consistent large attendances have proven Virginia to be the most outstanding one-day show in Ireland. In 2010, 15,000 people attended the 69th show.

Show President, Ned Duffy says "Virginia Show always attracts the best livestock exhibitors in the business. There are over 400 general and livestock classes which offer a total prize fund in excess of €50,000 on the day. Holding the show on a Saturday should appeal to exhibitors who will be able to avail of weekend help from family or friends."

*\* Minimum of 4 entries*

## HOW TO ENTER

The entry system for this competition is by directly applying to the Secretary, Virginia Show Society, on the enclosed entry form.

To be eligible, the cow must first have produced 500 kgs of butterfat and protein (1500/1600 gallons) in a 305 day lactation (except for the Heifer in Milk Awards). This year a 10% extra weighting is being given to the protein portion of the entry standard. For example, 230 kgs of protein will be increased by 10% to 253 kgs, thus allowing cows marginally under the standard to qualify for the final.

The final judgement will be on appearance only.

**This year with prizes to entrants from 1st to 10th place new Heifer in Milk Awards have been increased.**

**\* Cows from Northern Ireland must comply with E.U. TB and Brucellosis 30-day testing regulations for export purposes.**

Accommodation for cows at this year's final can be arranged by contacting Virginia Show office, tel. 049-854 7197.
